HAPPY NEW YEAR.

The postoffice will remain where it is for the present.

EIGHTEEN inches of snow fell during the last 48 hours.

EDMONTON coal is being delivered in Calgary for \$7 a ton.

Calgary has two nominations for mayor and eleven for councillors.

EDMONTON seemed to be quieter than usual the Christmas week.

It is the first day of the close season for geese and partridges.

RAYMER will only be away 4 or 5 weeks this holidays and his business will go on as usual.

ALEX. TAYLOR has been appointed postmaster in place of A. D. Osborne, and takes charge about the 7th inst.

THE trains of the C. P. R. last week were very irregular on account of the heavy snow storms on that line.

THERE is quite a number of spaces on Jasper Ave. the council should have the owners to remove the snow off.

It had quite a fall of snow on Saturday, which helps the sleighing, although the roads in the country have been made a little heavy.

THE Northwest mounted police have their New Year's dinner to-night, at Fort Saskatchewan, to which a large number of friends have been asked.

THERE was a large turnout to the East Edmonton school Christmas tree and a most enjoyable time was spent. Mrs. Sutherland was presented with a pen and ink stand from the children.

EDMONTON can boast of having the best skater west of Winnipeg, if not east also, in Jack Flynn, who plays the tin whistle at all our dances for five or six consecutive hours, and makes it to which no dancer seems to get tired.

THE English church Christmas tree, held in Robertson's Hall, last Wednesday, was a great success and was very largely attended. After the presents were distributed amongst the children, a lengthy musical programme was got through, which everyone seemed to enjoy.

JAMES MOWAT returned from Lac la Poudre last week and on Christmas day saw two ducks swimming in one of the rivers. This is not the first time ducks have been seen there at this season of the year. This is not quite such a frozen up country as some imagine.

THE first of a series of dances came off on Friday night, in Robertson's Hall, and was one of the greatest successes in that line ever held in Edmonton. The music was given by a few of the ladies in the early part of the evening, later by F. Kiel and John Flynn, alias Jack the Whistler.

THE oyster supper and concert given in the South Edmonton church proved a great success, there being about seventy-five present. Tea was served by the ladies of South Edmonton and a lengthy programme was gone through. The selections played by the fire brigade band were the principal features and were thoroughly appreciated.

AFTER the land office dispute A. D. Osborne, then postmaster, received notice for him to hand over the postoffice to the government and await further orders; since then he has received none; nor yet has he received any rent for the postoffice since July 19th, which belongs to him, and he has been paying for the light and fuel for it all this time. Mr. Osborne is now trying to find out if his dismissal has been gazetted.

DIRECTION FOR GUIDANCE OF VOTERS.

The Voter will go into one of the apartments provided, and with a pencil make a cross opposite the name or names on the right hand side of the ballot paper, of the party or parties for whom he wishes to vote, thus X.

If the Voter votes for more candidates than he is by Law entitled to vote for, his ballot paper will be void, unless he discovers the fact before the same is deposited in the ballot box, when he can obtain a new one from the Returning Officer.

If the voter inadvertently spoils a ballot paper, he can obtain a new one, on satisfying the Returning Officer of the fact.

If the Voter places any mark on the ballot paper, by which he may afterwards be identified, his ballot paper will be void.

The voter, after he has made the cross X opposite the name or names of the party or parties for whom he wishes to vote, shall fold up his ballot paper so as to show the initials of the Deputy Returning Officer on the back thereof, but so as to conceal the manner in which he has voted, and shall deliver the same to the Deputy Returning Officer, and shall forthwith quit the polling place.

NORTHWEST ASSEMBLY.

REGINA, December 27th.

House met to-day after adjournment over Christmas, barely a quorum present, as the train from the east did not arrive until five o'clock.

The election bill was considered in committee and nearly completed.

The amendments to the judicature ordinance were also considered in committee and progress reported.

No evening session is being held, but a session will be held to-morrow morning, and an effort will be made to get the estimates through to-morrow evening or the day following.

The question as to the right of the executive committee to advise the lieutenant-governor regarding territorial appointments still hangs fire awaiting word from Ottawa. The house and the committee are firm in their intention to maintain their right to advise regarding all executive matters under their own ordinance.

Mr. George Hannah, who has been with the Inman steamship line for twenty-five years, has been appointed general manager of the passenger business of the Allan line. He will go to Montreal on January 1st to take charge. It is reported that the Canadian Pacific Railway company and the Allan Steamship company contemplate establishing a line of swift passenger and mail steamers between Halifax and Queenstown. New steamers are to be built capable of beating the fastest ships in the Atlantic service.

A REPLY TO AN IMPORTANT QUESTION

Which is the best and cheapest Dry Goods Store in Town? is the question now frequently asked by the Settlers, who have recently arrived in this district. In answer to this important question, I would respectfully but emphatically reply, the

MANCHESTER HOUSE.

Dealing as I do almost exclusively in Dry Goods, I have always on hand a larger and better assorted stock than any house in Town. Prices too are cut so fine, that it is frequently remarked by those who seek quotations "Why you are selling as cheap as they do down east, and in fact in some cases cheaper."

Three hundred thousand bushels of grain have been marketed at Pilot Mound this winter to December 17.

A grist mill is being erected at Innisfail and will be in operation in the coming spring. A. Andrews is proprietor.

J. X. Perrault, in La Patrie, Montreal, says that to secure reciprocity with the States and an extension of commercial relations with other countries, even with England, Canada must become independent.

An extension of the clock's usefulness has been sought by a St. Petersburg inventor. His dial is a human face, whose mouth, by a phonograph attachment, is made to call out, not only the hours, but any directions that may be left with the apparatus.

The Beaver Line Steamship company, the only purely Canadian ocean line, has been obliged to lay its boats up for the winter owing to the depression in the ocean carriage trade. The Lake Nepigon, belonging to this line, is aground in the Manchester ship canal.

C. A. Magrath, of Lethbridge, speaking of the Mormon colony in Southern Alberta, says: "Of the Mormons as a class the outside world knows very little. They obey the laws of this country in every particular. Polygamy is now forbidden by the Mormon church and it is gradually dying out. They are extensive breeders of cattle and sheep and follow agriculture. There are about 500 in the colony. They have a saw and grist mill in active operation. They are now proceeding to build a stone church and are furnishing one-third of the cost of building a bridge over the St. Mary river—the government furnishing the other two-thirds."

MUNICIPAL ELECTIONS.

The election for the new councillors comes off to-morrow, when J. Goodridge, C. F. Strang, D. R. Fraser and J. Cameron will stand for re-election, and A. F. Degagne, C. Gallagher, J. A. McDougall, K. A. McLeod and G. P. Sanderson will also stand for the position. This election does not seem to be getting very much attention, and in fact the candidates seem to be doing very little canvassing, if any. The year for the first councillors of our town has just been completed and since their term of office a considerable amount of improvements has been done—certainly to a considerable outlay, and a considerable amount of kicking has been done about that outlay, yet if any other mayor and councillors had been in their places would they have done any better? We all learn by experience, and our new councillors, who ever they be, will certainly benefit by the experience of last year's ones. This town is certainly very little in debt, and if Edmonton progresses and flourishes as well this year, in the way of immigration, new buildings and business generally, as it has down in the past year, at least some of the citizens will be satisfied—it is impossible to satisfy all. Mayor McCauley was re-elected by acclamation, so that speaks for itself.

A story of attempted and partial successful wholesale poisoning, similar to that alleged at Homestead comes from New Cumberland, West Virginia. A large number of Hungarians have been imported to take the places of striking workmen in John Porter company's tile and brick works. Recently these men have been complaining of sickness and many of them have left in consequence. The trouble was charged to the water kept for drinking purposes in barrels about the works. Although no chemical analysis of the water has yet been made an investigation leads to the belief that the drinking water of the workmen had been heavily dosed with croton oil.

The Monte Carlo Gambling House company, which is euphemistically described as the Societe Anonyme des Bains de Mer and du Cercle des Etrangers, has issued accounts which show that it has made a gross gain of the tidy little sum of \$4,600,000 in the course of the past financial year, and a net gain of about \$2,300,000, which will enable it to pay 36 per cent. on the original value of the ordinary shares (500 francs or \$100) of which 60,000 were issued. The shares have, however, risen enormously in value since then, and they now stand at 2,000 francs (\$500). Even at this enormously increased price the dividend represents 9½ per cent. which is very decent interest in these days.

Edward G. Crinty, of the Carnegie Steel company, said in regard to the poisoning cases in the Homestead mills; "So far as we have been able to learn, the number of persons who died from the effects of the poison they received number thirty-two: but many other workmen, some of whom appear at the trial, are dying on their feet. Since we have begun this investigation we have been startled by the number of letters we received from every part of the country, written by non-union workmen who became sick of the prevailing complaint at Homestead and went to their homes. Many are yet sick and all are confident they were poisoned. There were altogether 4,000 men employed by the Carnegie Steel company during the strike and of these over 2,000 became sick. Some died and many were for weeks on the edge of the grave."

THE STORY OF SANTA CLAUS.

St. Nicholas was travelling through his diocese at a period when a great famine had driven the people to the verge of starvation. One night he put up at an inn kept by a certain man who was a fiend incarnate. This loathly personage, finding beef and mutton scarce and high priced, conceived the idea of replenishing his larder with the nice, juicy corpses of children whom he kidnapped, killed and served up to his guests in all varieties of succulent dishes. No one had penetrated the mystery of how he alone of all the neighboring bonifaces could keep his table well supplied with roasts and boiled meats, stews, hashes and savory soups. But no sooner had a dish of child's meat been served up to the saint than he discovered the horrible truth. He leaped to his feet, and poured out a torrent of righteous abuse upon the cringing and fawning landlord. And when the latter would deny his guilt, St. Nicholas went to the tub where the children were salted down. All that it was necessary for him to do was to make the sign of the cross over the remains, and lo! three children who had been missing for days arose, alive and whole. All the people were struck dumb at this miracle. The children were restored to their mother, who was a widow. As to the landlord he was taken out and stoned to death, as he richly deserved to be.

This story, it will be seen, does not aid us very materially. It is simply one of a whole group of legends in which St. Nicholas appears as the friend and benefactor of children, and in this respect only he resembles our Santa Claus. In all the characteristics which modern painters and story tellers in England, in America and in Germany have bestowed upon the rubicund representative of Christmas, he differs in toto from the slender and even emaciated Nicholas clad in full Episcopal robes, with mitre and crozier, whom the mediæval painters were fond of depicting. So the legends of St. Nicholas afford but a meagre clue to the identity of Santa Claus alike indeed in name, but so totally unlike in other particulars.

RECEIPTS.

Forst and Farm: A correspondent gives the following interesting and most important bit of information concerning the care of a sewing machine:—"Take out the screw that holds the foot-plato, remove it, and you will be surprised at the amount of lint accumulated there. Clean the little grooves with a pen-knife, and under the whole of the plate. The needle must be taken out before the work is begun. You will often find this the only cause for the machine running hard or not carrying the work, and it is a little secret that the agents will not tell you. I have just cleaned mine in this way, and it runs like a new machine.

The following is a good mixture to have in the house; "Aqua ammonia, two ounces; soft water, one quart; saltpeter, one teaspoonful; shaving soap, one ounce. Scrape the oil off before mixing the other ingredients, and allow it to stand a few hours before using. It is sure death to bedbugs if applied to the crevices which they inhabit; it will remove paint that if mixed with oil without injuring the finest fabrics, and will remove grease from carpets by covering the spots with the mixture, and after sponging and rubbing it thoroughly, washing it off with clear cold water."

GENERAL NEWS.

Mrs. Langtry's illness is taking its normal course, and the dangerous stage is not yet passed. The result, therefore, is at present uncertain. Had not Mrs. Langtry fallen ill, she would, in accordance with her plans, have embarked on her new pacht, the White Ladye, which had been lavishly fitted up for a long cruise.

John Charlton, member of parliament, says that after travelling through Michigan, Indiana, Illinois and Iowa, the results of his observations in the States and from an interchange of views with leading and influential men in various sections, he is of opinion that whenever Canada attempts to enter into negotiations with the States for the purpose of securing more extended and liberal trade relations between the two countries, and does so in an honest and friendly spirit, with no evidence given of an intention to make political capital only for the use of the hour from the movement, no difficulty whatever will be experienced in the negotiation of such a treaty.

The Austin-White boxing contest, in the Alexander Hall was decided by the referee, Mr. C. G. Ross, in favor of Prof. Clem Austin. The men fought for 9 rounds, and though White appeared to be the aggressor throughout, Austin displayed the greatest science. The contest was to have been but 8 rounds in duration, but at the end of the eighth the referee called for another round, and on this the fight was decided. The decision of the referee appeared to give satisfaction to those present, among whom were a number of our leading citizens. At the conclusion of the fight Mr. R. H. M. Rawlinson made a challenge on behalf of Sergt. Jenkins, N. W. M. P., to fight the winner to a finish. The challenge was promptly accepted by Jas. Salterio on behalf of Prof. Clem Austin for \$100 a side. The contest will take place on the 13th inst.—Calgary Herald.

XMAS TREE AND ENTERTAINMENT AT WETASKIWIN.

A goodly number of the citizens of Wetaskiwin and the surrounding country assembled in the new hall, which was handsomely decorated for the occasion, on the evening of the 26th inst., for a Christmas tree and entertainment given by the young people of our town. Our worthy townsman, T. B. Henderson, presided, and opened the meeting with an appropriate speech relating principally to the growth and progress of Wetaskiwin.

The programme was quite an extensive one, consisting of readings, recitations, songs and dialogues. The children acquitted themselves in first-class style, and the hours were rendered still more jovial by a number of songs sung by some of the young men of the town; also an original song entitled, "A braw, braw place is Wetaskiwin," composed and sung by T. B. Henderson.

The tree laden with a variety of the good things suitable to the Christmas season was soon laid bare by the officious Santa Claus, affording immense enjoyment to the young.

Before the close of the meeting the Rev. Mr. Paris spoke at some length, giving much good advice to the young people, which was duly appreciated and we hope will be acted upon by them. After singing "God Save the Queen," the company broke up all highly pleased with the evening's entertainment.

The young ladies and gentlemen of the town desiring to prolong the amusement re-assembled in the hall, and to the enlivening music of the violin "tripped the light fantastic" till far into "The wee sma' hours against the twal," returning to their homes in the gray morning feeling that this their first Christmas spent in Wetaskiwin was an event not soon to be forgotten by them.

The price will be \$10.00 per thousand delivered inside the city limits in large quantities. We will have brick ready for sale about the 1st, of May next. Any person requiring brick early it would be to their advantage to give their orders as soon as possible. We guarantee our brick 1st class and to fill all orders after May 1st, next.

BRICK! BRICK! YES BRICK.

Having attained the reputation of making the best brick in the Territories I will make it a point to continue to lead in that line; while thanking the building community of Edmonton and vicinity for their kind patronage in the past would invite their inspection of my work and prices in the future. Do not be deluded by parties who claim to make a pressed brick with a sand stock machine, or produce them in May in this country; it cannot be done. Pressed brick sell in the cities of Canada and the Eastern states for \$20.00 and upward per thousand and can't be sold or made here for any \$10.00. I set up no claim to such liberality, but can produce a good brick in July for \$8.00; August, \$7.00; September, \$6.00, and in large quantities. Parties requiring brick late or early in the season will find it to their advantage to examine what they are buying, before placing their orders.

GENERAL NEWS.

The population of the Chinese empire and dependencies is estimated at from 400,000,000 to 450,000,000.

Since Sir William Gordon Cummings gave up baccarat he has taken to raising bulls, and was one of the most prominent exhibitors at the recent Birmingham cattle show.

Jack McAuliffe signed articles of agreement, on December 20th, to fight Dick Burge, at the Coney Island Athletic club, for a purse of \$45,000, with the stipulation that his backer, Dick Roche, approves of the match.

It is understood at Ottawa that the C. P. Q. Co. have come to a definite understanding with the government in the matter of placing a line of fast steamers for Atlantic service, and that the service will be in operation in 1892.

A New York couple eloped and were married by a Methodist clergyman. They went home and, by command of the bride's parents, they were again married by a Presbyterian clergyman. Then the young man's Catholic friends insisted upon a third marriage, and the pair were once more married by a priest. Is this not bigamy being married three times?

It has developed that the cause of the sudden deaths among the convicts at Helena, Arkansas, was arsenical poisoning, though how it was administered and by whom is yet a matter of conjecture. About two o'clock on the 21st ten more of the convicts were taken suddenly ill. Another man died on the 20th and another on the 21st making six deaths in all. The camp was broken up and the convicts taken away. The whole state is excited at the convicts having been driven to the walls by assassins, supposed to be laboring men. The poisoning was not confined to convicts. Among those dangerously ill are Capt. Dunlap and one of the guards. Dunlap is ex-warden of the penitentiary.

A remarkable jury was summarily dealt with by Judge Brentano, at Chicago. It was the case in which the mother of nine-year-old Mabel Angel was suing Brown & Co., contractors, for \$25,060 damages in causing the death of the child. The jurors petitioned to have whiskey and cigars sent into the jury room, and receiving no response from the court decided to have some fun with the judge. The result was a verdict finding the charge of negligence true and awarding the plaintiff one cent damages. Judge Brentano instantly set aside the verdict, administered a terrific tongue-lashing to the jurors, dismissed them in disgrace, and fined the nine chief culprits in an amount equal to their fees. A jury has been known to receive whiskey.

The New York Sun says: "The establishment of a daily newspaper in Toronto as the special organ of the annexationists' sentiment indicates better than volumes of vague report the progress making in the Dominion toward its manifest destiny. The great movement of the next few years is to be the movement for the political union of the two kindred nations of the western continent. The field for agitation, for argument, and for effort is principally north of the border. Our Canadian friends may be assured that while public sentiment on this side of the line may restrain itself from a violent demonstration on account of motives of delicacy not necessary to explain, it will be fully prepared to meet each step of the advance toward the inevitable and impending consummation."

The price will be \$10.00 per thousand delivered inside
the city limits in large quantities. We will have brick
ready for sale about the 1st of May next. Any person
requiring brick early it would be to their advantage to
give their orders as soon as possible. We guarantee our

BRICK! BRICK! YES BRICK.
Having attained the reputation of making the best
brick in the Territories I will make it a point to continue
to lead in that line; while thanking the building
community of Edmonton and vicinity for their kind patronage
in the past would invite their inspection of my
work and prices in the future. Do not be deluded by
parties who claim to make a pressed brick with a sand
stock machine, or produce them in May in this country;
it cannot be done. Pressed brick sell in the cities of
Canada and the Eastern states for \$20.00 and upward per
thousand and can't be sold or made here for any \$10.00.
I set up no claim to such liberality, but can produce a
good brick in July for \$8.00; August, \$7.00, September,
\$6.00, and in large quantities. Parties requiring brick
late or early in the season will find it to their advantage
to examine what they are buying, before placing their
orders.
